Checkmate Rewards is a high quality checkbook with 30 checks to major retailers, restaurants and the best of regional and local merchants. Each check is preprinted to a select merchant for a specific dollar amount. The check is payable to that merchant with a minimum purchase of goods or services. The user simply signs and dates the check and prints his/her name and email address. Best of all, the check is free and costs the consumer nothing to use.

Checkmate Rewards has it all with **over \$1,000 in merchant checks!**
